Italian Pavillion bio360 expo

Take part in the ecological transition too. If not now, when?

WELCOME

Nantes (France) Bio360 Expo

24-25 January
Nantes FR 2024

The **Bio360 Expo** is a reference event in Europe, an international fair with conferences, workshops and seminars aimed at presenting new evidence and new trends linked to the circular economy. The sectors of interest are bioenergy, bioeconomy and in recent years a great role has been given to Biochar.

What does Bio360 Expo represent?

- 7-8000 Visitors from over 40 countries
- 450 Exhibitors from 35 countries
- Thematic coverage: bioenergy (solid, liquid, gaseous), renewable energies, building materials innovative, carbon credits
- Competition for innovation
